DAHLIAS

1929

UNCAS DAHLIA FARM

UNCASVILLE, CONN.

Formerly of Norwich, Conn.

OUR BUSINESS METHOD

This List Cancels All Previous Ones

We do not recommend planting in this climate until the latter part of May, and to insure a longer succession of bloom, planting should be extended until the latter part of June.

We start shipping about April 1st, and all orders are filled in rotation as received, but if customers will kindly state at what time after that date they would like them, we will try and ship as near to that date as possible.

We send out divided field grown tubers, every one guaranteed true to name and to arrive in good growing condition. We cannot guarantee them to grow unless they are unpacked immediately upon receipt.

Any complaints must be made at once, and unsatisfactory tubers returned. All retail orders are sent Parcel Post, postage paid, if the order is paid in full. Otherwise they will be sent C. O. D.

All orders taken at the shows will be sent C. O. D. unless other arrangements are made at time of placement of order.

As the demand for some varieties often exceeds the supply, it will be well to order early and so avoid disappointment. It will also be well to name a second choice, or state if we may substitute for any that we are sold out of.

Remittance should be made by P. O. Money Order, Bank Draft, Express Order, or sums for less than \$1.00, stamps will be accepted.

While our system for handling orders is as near perfect as possible, yet in the rush of business, errors are apt to occur, and we wish to be promptly notified of such, and we will at once make same satisfactory.

Always keep a copy of your order for comparison.

Names and Addresses. Please remember to write name and address plainly. Give State, City or Town, Number of Street and Post Office Box Number.

Cultural direction will be sent with bulbs.

NOTICE

DAHLIAS

In presenting to you our 1929 Catalogue and price list we are doing so with one thought, and that is making our prices, as you will see, within the reach of all, so that everyone can grow some of our Dahlias in 1929.

We are not putting out a very large Catalogue this year, as it costs money, and we would have to charge more for the bulbs, so we are giving you the benefit of the saving.

As you will see, we have given only a brief description, as nearly everybody knows the standard varieties and it is unnecessary to give them a long description. If there should be some varieties that you wish, write us about them, as we grow a great many varieties not catalogued.

NOTICE

Notice this price list cancels all previous lists after Jan. 1, 1929.

No orders will be sent prepaid for less than \$2.00. On all orders less than \$2.00, 25 cents extra for postage and packing must be sent, otherwise they will be sent by express F. O. B. Uncasville.

In closing, we wish to thank all of our customers who grew Brown Dahlias in 1928, and hope to be favored with their orders for 1929.

A Happy New Year to all.

UNCAS DAHLIA FARM,
Brown & Izbicki, Props.
